from Thursday morning.**

DO YOU HAVE WHAT IT TAKES TO BE CROWNED BRITAIN'S

BEST LEGO BUILDER?

LEGO MASTERS

Do you love to build awesome creations? We are looking for brick obsessed pairs of all ages to register interest in a second series of 'LEGO MASTERS' on Channel 4 to find Britain's most talented amateur builders.

Please email build@tuesdayschild.tv to register your interest. If you are under 18 please ask a parent or guardian to email on your behalf. Unfortunately, we won't be able to answer all the requests individually. Applicants must be 9+.

TUESDAY'S CHILD

Parents - Learn about SCRATCH Coding and make a Pacman game

Learn to make and code games, robots, traffic lights, a burglar alarm and take the 'Chocolate biscuit challenge.'

As a result of changes in the curriculum recently coding is being taught in all schools. The idea is that if our children are able to do some basic computer programming and be digitally literate. It will equip them for the future and may well lead to fantastic career opportunities for them.

On the 8 week course you will learn the basics of using Scratch and make a simple computer game such as Pacman. We will also be looking into Raspberry Pi's, Crumble, Arduino and Python!

Bring your own laptop if you wish. (Try to download Scratch offline v2 first, it's free.)

Where: Link into Learning, Truro Library. When Wednesday 17th January at 10-12 am for 9 sessions. Drop in and meet the tutor and chat Wednesday 10th January 10am

Cost: Free

Contact Ian to get on the list. We need 6 parents to run this course so please sign up and go for it. If I am not sure? Call Ian the Family Learning tutor on 078111 79401
